

Penguin Class Newsletter

March 2017

Hello to all parents! We are well on the way with the second semester. Students are starting write sentences. I will be creating lots of review activities for the children to participate in, by this I mean class activities that involve lots of small games that the children can fun and review at the same time. The thematic activity will be based around France. Penguin class seem to enjoy a more practical approach to learning and I will try to compliment that with my approach in teaching them. January is going to be fun and productive.

Best wishes,
Teacher John.

Song and Dance

Each month we have a set of songs to learn. Learning from songs is very beneficial as children can learn new words and phrases. New words can be easier understood through the associating movements with words. Kinesthetic learning has been proven by science to be very effective.

Storybook

Each week the children and myself visit the library for story time and to exchange books. It's lovely to see all of them listening to the stories I read them and some of them even enjoy the voices I put on for the characters! They really get involved with the stories and I believe it's good for their listening and their imagination!

I hope this has been an insightful newsletter for you all,

Thank you for reading!
