

Celebrations and Festival from Around the World

By: Ryan Yang

Harbin Ice Festival

China is the host of the world's largest ice festival with ice sculptures that can be as tall as 20 feet or even higher.

The Harbin Ice Festival will begin on January 5th and it lasts for one month.

The festival includes the world's biggest ice sculptures. The festival sculptures are made from ice.

The Harbin Ice Festival was created in Heilongjiang.

It is estimated that there are between 10 to 15 million visitors to the festival each year.

Why do people visit the Harbin Ice Festival? Millions of people visit to Harbin Ice Festival every year to see the amazing ice sculptures. It's the largest ice sculpture festival in the world. It is approximately 600,000 m². The tallest ice sculptures reach 46 m high. People enjoy seeing the beautiful sculptures and at night it is lit up with beautiful lights. It is an amazing sight for the whole family.

The next topic I will be talking about is
the Burning Man Festival.

The Burning Man festival in 2019 will take place August 25 to September 2, in the Black Rock Desert of Nevada.

Burning Man is an annual event in the western United States at Black Rock City – a temporary city is built in the Black Rock Desert of northwest Nevada.

Interesting facts about Burning Man Festival.

Each year the Burning Man Festival has 55,000 visitors.

The person that created Burning Man Festival is an artist called Larry Harvey.

Thank you for listening to my presentation. I hope you found it interesting. Bye bye.
