

Family  
by Ray

Family are the people who take care of you, and live with you. A family may include your sister, your dad, your grandpa, and your grandma. Your family may also take you to school and helps check your homework.

# What is a family?

# Types of family

My family is a full family. I live with my dad and my sister.

# My Immediate family

In my immediate family there is my dad, sister grandma, and grandpa. My dad helps me and my sister check our homework.

# Healthy family behavior

My family is very healthy because we do a lot of exercise on the weekends such as badminton and swimming.

# Unhealthy family behavior

Unhealthy families eat lots of junk food, and lie on the bed. Unhealthy families also drink too much coca-cola and hit kids when they get angry.

# My family

My dad is very tall, and handsome. My sister is very good to me. I like to read books and watch T.V..

Thank you for listening to my  
Presentation. 🙌
