Where is Taiwan?

Taiwan is in East Asia. Taiwan is next to the Pacific Ocean and South China Sea 🇹🇼.

In Taiwan we have stinky tofu. Stinky tofu smells very smelly. I do not like stinky tofu because it smells bad. Bubble tea is a drink we have in Taiwan. It tastes very sweet. 🥟 🍷

Taiwan's History

A lot of Taiwanese people are from China. Long ago Chinese people were fighting for the right to control China. Eventually, the KMT lost so they left China and went to Taiwan. The funny thing is that many Chinese people do not know a lot of complex Chinese characters, and even don't know (ㄅ ㄆ ㄇ ㄏ)!
