# Thanos

**Thanos is a supervillan from Marvel movies and comics. He tries to bring stability to the universe by killing 50% of the population. He believes he needs to do this so that the other 50% can survive. He thinks he is saving the universe.**

# Enemies

**The Avengers are his enemies- including Iron Man, Doctor Strange, Hulk, Thor, Hawkeye, Captain American, Antman, Captain Marvel and Black Widow. They don't agree with Thanos trying to kill 50% of the population so fight together to stop him.**

# Weapons

**His weapons are a Double-Sword and the gauntlet. The gauntlet has six infinity stones which give him super powers. The blue stone is Space, the orange is Soul, the purple is Power, the green is Time, the red is Reality and the yellow is Mind.**

# Wonder Woman

**Wonder Women is a character from DC comics and movies. She is a superhero from the island of Themyscira. She wears red armor and a golden headband.**

# Wonder Woman

**One of the most beloved and iconic DC super heroes all of time, Wonder Woman has stood for nearly eighty years as a symbol of truth, justice and equality to people everywhere. She is part of the Justice League.**

# The Justice League

**The Justice League is a group of superheroes who work together to look after the world. including Batman, Superman, Aquaman and The Flash.**

# Real Life

**On her home island she is known as Princess Diana, but when she is in the real world she uses the name Diana Prince. She is an army nurse and later an Air Force secretary.**

# Weapons

**Wonder Woman's weapons are a shield and a sword, magical bracelets and a lasso. The Lasso of Truth is very strong and can not be broken, not even Superman can break it. The magical bracelets have the power to absorb the impact of incoming attacks, allowing Wonder Woman to deflect automatic weapon fire, energy blasts and other projectile weaponry.**
