

ESL Grade 3 & 4 Cheetah Class Newsletter June 2026

Welcome to the Cheetah Class ESL Grade 3 and 4 monthly newsletter for June. Cheetah class are getting familiar with one another and trying to be the best learners they can!

Core Material and Grammar - Unit 2 Week 4

This month, the students will be reviewing important grammar topics in preparation for the final test. Throughout the review lessons, students will practise identifying and using different types of nouns correctly in both written and classroom activities. The grammar topics includes **nouns, concrete and abstract nouns, singular and plural nouns, subject nouns, commas, and singular possessive nouns**. Students will have a variety of exercises, games, and writing tasks to strengthen their understanding of these grammar points and improve their confidence.

Google Slides Presentations

Our Google Slides activity gives students the opportunity to explore a different topic each month while developing their research, thinking, and presentation skills. Students will create their own interesting and informative presentations by answering questions, writing simple statements, and sharing information related to the topic. They will also be encouraged to add pictures, drawings, and graphics to make their slides colorful, creative, and visually engaging.

This month, the students will be working on an exciting Google Slides project based on the topic of **martial arts**. The students enjoyed learning about different types of martial arts from around the world, including karate, taekwondo, kung fu, and judo.

Speech Contest

For the last two weeks, the students will prepare for the school speech contest. During this time, students will select one of their favourite Google Slides

presentations to use as the topic for their speech. They will practise to speak clearly, confidently, and with good expression while presenting their slides.

Assessment week

Towards the end of the month, the students will focus on reviewing all of the important topics and skills that we have learned throughout the semester in preparation for Assessment Week. We will work on revising key vocabulary, grammar points, and reading strategies to help them feel confident and prepared for their final exams.

This concludes the monthly newsletter for June

Please feel free to ask should you have anything you would like to discuss with me, and please feel free to leave me a message in the weekly communication books. We would like the students to remember to charge iPads before class.

Thank you for reading,
