

K3 Giraffe Class Newsletter

August & September 2026

Dear Parents,

Welcome to Deer Class! My name is Teacher Roy, and I am very excited to be your child's teacher this year at Marshall School. It is a pleasure to begin this learning journey together, and I look forward to getting to know each of your children as they grow in confidence, curiosity, and independence. I believe that every child learns best in a positive, caring, and encouraging environment where they feel safe to explore, ask questions, and enjoy new experiences.

Throughout the year, our classroom will be filled with engaging activities that help children develop their English communication skills, creativity, critical thinking, and social development through play-based learning. Each month, I will share a report with you outlining the themes, vocabulary, phonics, math, and other exciting activities we will be learning in class. I hope these updates help you stay connected with your child's learning journey and provide opportunities to support them at home. I am looking forward to working together with you to make this a happy, successful, and memorable year for every student in Giraffe Class.

Reading

Reading class is held each morning, with a new book allocated each week. The K3 books have lots of easy words and repetition, but they will gradually get more difficult towards the end of the semester. Each book will have some buzz words that the children will be learning and using in other classes. Reading is one of the best ways to learn a new language, and reading in spare time or at home is heavily encouraged. We will be reading as a group and individually one on one, to ensure each student has comprehension of the vocabulary and story.

Library

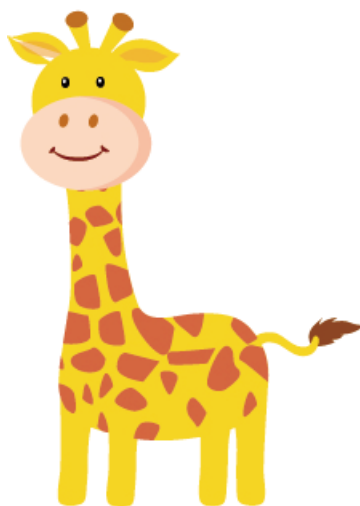

Once a week, the class will visit the library, where I will read aloud to the students and allow each child to choose a book to take back to the classroom for the week. This encourages independence and helps foster a love of reading. If time allows, I will also read a selection of these books to the class and ask comprehension questions to support understanding, listening skills, and engagement with the stories.

Well, that brings us to the end of this month's newsletter. Thank you for taking the time to read about the activities and learning experiences planned for your children. I hope this overview has given you a clear picture of what we are working on in the classroom.

If you have any comments, questions, or concerns regarding your child's well-being, progress, or learning, please don't hesitate to contact me through our weekly English communication book. Open communication between home and school is very important, and I am always happy to hear from you.

Thank you very much for your support and cooperation. I look forward to another fun and productive month of learning together.

Take care,
Teacher Roy
